Work Experience

Freelance Web Developer -- 2022 - Present

- Build static and mildly interactive websites for local businesses using HTML, CSS, Bootstrap, and jQuery.
- Handle basic client hosting via shared hosting panels (cPanel).
- Occasionally add small JS snippets for sliders, tabs, and form validation.

Education

Diploma in Computer Engineering, Gujarat Technical Board -- 2021-2024

Skills

HTML, CSS, Bootstrap, jQuery, basic JavaScript, Photoshop (for slicing designs), cPanel/FTP.

No experience with any backend language, framework, or database. Have never used React or any component-based framework.
