Internships

Backend Intern, Sunfield Analytics -- Jun 22 - Aug 22

- Built REST APIs using Django REST Framework for an internal reporting tool.
- Wrote models and migrations in PostgreSQL; used Django ORM for queries.
- Rendered a few admin-facing pages using Django templates and Bootstrap (no JavaScript framework involved).

Education

B.Sc Computer Science, University of Rajasthan -- 2021-2024

Skills

Python, Django, Django REST Framework, PostgreSQL, Bootstrap, Git.
Comfortable with backend logic and databases but have never built anything with Node.js, Express, or a JS frontend framework like React.
