Experience

Frontend Intern, Studio Nine -- Aug 2023 - Nov 2023

- Built multiple marketing landing pages using React and Tailwind CSS pixel-matched from Figma files.
- Implemented smooth scroll animations using Framer Motion.
- Worked with a headless CMS (Contentful) to let non-technical staff edit page copy without redeploying.
- Optimized Lighthouse performance scores from the 60s to the low 90s.

Education

B.Tech Computer Science, Delhi Technological University -- 2021-2025

Skills

React, Tailwind CSS, Framer Motion, Contentful (headless CMS), HTML, CSS, Figma-to-code, basic Git. Have never written a server-side API, and have not used a database of any kind -- all data has come from a headless CMS or static JSON.
